How to Use Services

Your UHCG identification card is your key to travel security. If you have a medical, personal safety, travel problem, or inquiry/question, simply call for assistance. A multilingual case manager will ask for your name, your company or group name, the group number shown on your ID card, and a description of the situation. We will immediately begin assisting you.

If the condition is a medical emergency, you should go immediately to the nearest physician or hospital without delay and then contact the 24-hour Emergency Response Center.

In the event of an emergency security situation, you should immediately get to a safe location and then contact the Emergency Response Center. We will then take the appropriate action to assist you and monitor your care until the situation is resolved.

The program provides Medical Evacuation & Repatriation Services, Medical Assistance Services, Security & Political Evacuation Services, Destination Intelligence, and Travel Assistance Services. Full details of the services as well as any conditions and limitations are provided in the program description available upon request.
